

Color coded correlations among data sets at each combination
of minor allele frequency and OR, $cor \leq 0.6 \Rightarrow$ red, $cor = 1 \Rightarrow$ blue
N=5,000, n=2,000, pen.0=0.05, no.sets=40

cor(geno, trend), model='add'

cor(geno, allele), model='add'

cor(trend, allele), model='add'
